## DETAILED ACTION

### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 1-21 are rejected under 35 U.S.C. 102(e) as being anticipated by Magill (2004/0143542).

Magill discloses a method and corresponding system and order router for electronic orders comprising receiving a trade order; analyzing quotes from an algorithm engine and from a National Best Bid and Offer (NBBO) feed, selecting a marketplace based on the analyzed quotes, and transmitting the trade order to the selected marketplace to be filled, wherein the algorithm engine is not provided with access to the trade order (p.2, 29 to p.3, 31 and p.4, 60 to p.5, 81); selecting the marketplace based on whether the trade order can be filled with improvement from the NBBO quote (p.2, 29 to p.3, 31 and p.4, 60 to p.5, 81); selecting the marketplace based on whether the improvement from the NBBO quote is one or more of price improvement, size improvement, and speed improvement (p.2, 29 to p.3, 31 and p.4, 60 to p.5, 81); the selected marketplace is a reporting facility or a marketplace that can be used as a reporting facility (p.2, 29 to p.3, 31 and p.4, 60 to p.5, 81); the selected marketplace is a

reporting facility or a marketplace that can be used as a reporting facility (p.2, 29 to p.3, 31 and p.4, 60 to p.5, 81); the quote from the algorithm engine is predetermined before the trade order is received to quote a predetermined improvement from the NBBO (p.2, 29 to p.3, 31 and p.4, 60 to p.5, 81); quote from algorithm engine is predetermined before the trade order is received to quote a predetermined improvement from the NBBO (p.2, 29 to p.3, 31 and p.4, 60 to p.5, 81); and the quote from the algorithm engine is predetermined before the trade order is received to quote a predetermined improvement from the NBBO (p.2, 29 to p.3, 31 and p.4, 60 to p.5, 81).

*Although the Examiner has pointed out particular references contained in the prior art(s) of record in the body of this action, the specified citations are merely representative of the teachings in the art as applied to the specific limitations within the individual claim. Since other passages and figures may apply to the claimed invention as well, it is respectfully requested that the applicant, in preparing the response, to consider fully the entire references as potentially teaching all of the claimed invention, as well as the context of the passage as taught by the prior arts or disclosed by the Examiner.*

***Provisional Application Listed on PTO-892 form***

... If a copy of a provisional application listed on the bottom portion of the accompanying Notice of References Cited (PTO-892) form is not included with this Office action and the PTO-892 has been annotated to indicate that the copy was not readily available, it is because the copy could not be readily obtained when the Office action was mailed. Should applicant desire a copy of such a provisional application,

applicant should promptly request the copy from the Office of Public Records (OPR) in accordance with 37 CFR 1.14(a)(1)(iv), paying the required fee under 37 CFR 1.19(b)(1). If a copy is ordered from OPR, the shortened statutory period for reply to this Office action will not be reset under MPEP § 710.06 unless applicant can demonstrate a substantial delay by the Office in fulfilling the order for the copy of the provisional application. Where the applicant has been notified on the PTO-892 that a copy of the provisional application is not readily available, the provision of MPEP § 707.05(a) that a copy of the cited reference will be automatically furnished without charge does not apply.
